

Hello,

I'm impressed that you decoded the note from the vaults. I'm surprised I didn't see it myself. In the vaults, I've been looking around for anything to do with Long Island and I found this file on Nikola Tesla. Wardencllyffe was on Long Island, the Gang may be there but you had better check.

Best of Luck,
Lucy

Nikola Tesla

Nikola Tesla created the Niagara Falls Generator to harness electricity hydrolically and Wardencllyffe tower to send electricity wirelessly, he discovered the Dicrect Current but eventually he went mad and thought he had found Aliens

Wadencllyffe
