The Saxon Gang have been spotted across the NYC CBD but often are seen in Queens. Our only hint is this puzzle that relates to the attached map:

The 5 names in the Universal Phonetic Alphabet (Charlie, Juliette Mike, Oscar and Romeo) each represent the numbers 1, 2, 3, 4 and 5.

*Charlie + Charlie = Mike
Oscar + Oscar = Charlie
Oscar + Mike = Romeo*

*Romeo = X
Juliette = Y*
