

Hello,

I'm sure you'd like to know where the painting is located as well as that annoying Danny person (I don't know his surname). I refuse to tell you where we have hidden them, but if you can solve the puzzle below, then the painting's (and Danny's) location will be revealed. In case you're wondering why I'm doing this, the only reason is that I know you're way too stupid to figure it out and solve the puzzle. Danny will die and the painting will be mine!

Sincerely,

Harold
